Hi Axel!

Unfortunately, Dan may be out the rest of the week with a medical issue. I did, however, get a contact person for the State Patrol, who is working on covering the Line 3 hearing at the Senate Office Building:

Eric Roeske is working with the Commission to determine protocols for the meeting. You can reach him by email at eric.roeske@state.mn.us or by telephone at 651-201-6970.

I know he would appreciate any background information you could provide.

As always, let me know if you need anything else...and THANKS for be willing to share your experience and expertise with the Patrol!

Good afternoon,

There is a Public Utilities Commission Meeting schedules for this Thursday, December 13 at 0930. The meeting will include some topics related to the Line 3 project. The items related to Line 3 are small in number and that portion of the meeting would regularly be considered brief. However, due to current events in the City and previous disruptions of PUC meetings, it is uncertain what kind of a crowd will be in attendance.

There will be a number of ODE personnel hired by the PUC as well as Enbridge to support the event on the interior. SOU will monitor the public spaces adjacent to the meeting room and downtown for developments. SOU will also work cooperatively with the ODE component as necessary.

SOU has been watching public sources of information. No indication as of 12-10-18 at 1550 there are any organized plans to attend the meeting. SIU will be briefed and requested to assist watching public source information.

Updated information on DNR.

1100 announcement that a press release will be coming out

1200 Press release

1300 Press Conference at the DNR building. If it looks like there will be issues they will move the press conference to the 6th floor with media only.

Kurt

I was contacted by the DNR, and they will have a press and information release tentatively set for Thursday of this week. They will send out a press release notification at 1000 and hold the press conference at 1200. It is in regards to the Polymet mining permit.

It is unknown what to expect, and they have no information there will be demonstrations, and it is not a public hearing. However with the Line 3 issues recently I would anticipate some demonstrations following or during the press release.

SOU will run numbers for staffing and prepare to assist if called.

SIU is looking into SM?

Kurt
